What are FanCans™ ?

- A unique and innovative class of litter and recycling containers targeted to sports fans, facility managers, and corporate sponsors.
- The roto-molded plastic lids are shaped like baseball, football and motor sports helmets. The lids rest atop Toter, Inc.'s commercial litter/recycling containers, and collectively make up FanCans.™
- FanCans™ can be produced in any team colors, and branded with any team and corporate sponsor logos.

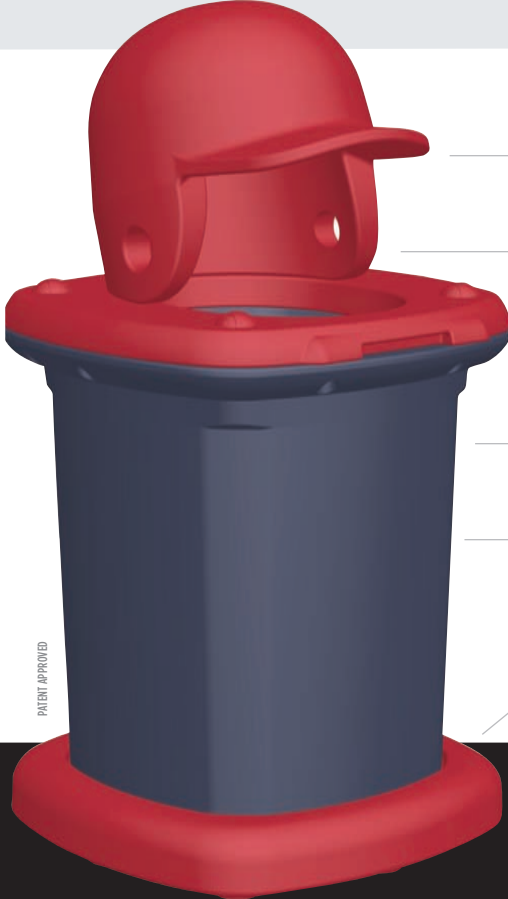

FanCans™ Benefits

- Provides fans with an enhanced game day experience.
- Fits into sponsorship strategy as an advertising billboard.
- Increases brand impressions through multiple locations and fan usage.
- Fits into facility and corporate sponsor recycling campaign plans with enough room to display advertiser brand, team, and recycling logos.
- FanCans™ are more durable than "off-the-shelf" litter and recycling containers.

FanCans™ Go Anywhere

- Stadiums and Raceways
- College Campuses
- Tailgating Areas
- Parking Lots
- Concession Areas
- Retail Stores
- Gas Stations
- Convenience Stores
- Restaurants
- Convention Centers
- Parks
- Airports
- Offices

Any place you want to connect with fans
